Attn: Michael Koenig

June 28, 2016

Dear Michael,

Just wanted to thank you for the spectacular job you did for us at the Blackstone Boys & Girls club. As usual, your quality gutter and expert installation has provided us with yet another satisfied customer.

Although your product and performance are well known to us, as you have been our exclusive gutter supplier for the last fifteen years, sometimes we need to step back and let you know that your extra effort on every job really makes a big difference to us.

The entire job was a great success; unfortunately you never get to see the complete project as you move on prior to completion, so I present the finished product below. The gutter truly makes this project shine!

Very truly yours,

A handwritten signature in black ink that reads "Ruth E. Bowser".
